

**REMARKS**

Reconsideration of the above identified application in view of the preceding amendments and following remarks is respectfully requested. Original Claims 1-15 are pending in this application.

Applicant's representative would like to thank Examiner Battaglia for his courtesies extended during the telephone exchanges with Attorney Daley in which a provisional election to the invention of Figure 8, Claim 1 and 8-15 was made. Applicant's representative hereby affirms this election and the appropriateness of considering Claims 2-7 in addition to the elected claims.

In the Office Action, the Examiner objected to the drawings because Figures 9 and 10 contained minor informalities. In response thereto, replacement sheets for Figures 9 and 10 are attached hereto. Accordingly, withdrawal of the rejection is respectfully requested.

The title was also noted to be not descriptive. The title has been hereby amended to be commensurate in scope with and descriptive of the claims. Thus, the application is believed to be in condition for allowance.
